

REMARKS/ARGUMENTS

Applicant respectfully requests entry of the above claim amendments in the application. No new matter has been added. Applicant indicated that claims 35-37 were previously canceled in the Office Action Response filed on May 19, 2004, and the change to claim 32 has been noted. Further, the Office Action dated August 26, 2004 states that claims 1-34 and 38-58 are pending in this application.

The claim amendments are supported by the disclosure of the specification and drawing figures as filed.

No fee is believed to be due for this Amendment. However, the Commissioner is hereby authorized to charge any deficiencies or credit any overpayment with respect to this patent application to deposit account number 13-2725.

Should any additional issues need to be resolved, the Examiner is requested to telephone the undersigned to attempt to resolve those issues.

Dated: 6/30/05

Respectfully submitted,
